OUR MISSION

For over 45 years, Magnolia Regional Health Center has been a healthcare source that provides compassionate, caring and excellent services to the people in its community. The Magnolia Regional Health Center Foundation, Inc. was created over 30 years ago to assist our hospital with the needs of the community.

Today, Magnolia Regional Health Center serves thousands of patients with emergency care, surgical care, cancer treatment, cardiology and cardiovascular services, inpatient treatment and outpatient services. We have 190 physicians on our Medical Staff, with a wide variety of specialties that are necessary to treat the medical conditions that are common to our area.

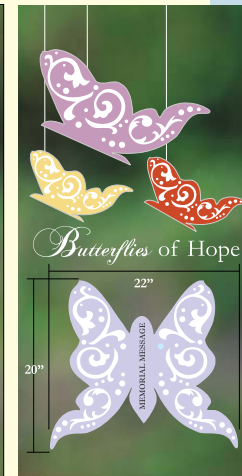

REASONS TO GIVE

As Magnolia Regional Health Center grows, the possibilities of support initiatives through the MRHC Foundation expand. And, as our community medical needs increase, Magnolia Regional Health Center will partner with its Foundation to strive to provide excellent care for those services. The MRHC Foundation, Inc. also provides ways to remember or honor a loved one through the Tribute Garden Campaign or the Unrestricted Gift Campaign. The Magnolia Regional Health Center Foundation, Inc. is a 501(c)(3) Charitable Corporation and all donations are tax deductible in accordance with law.

CANCER RESOURCE CENTER & SUPPORT SERVICES

One of the support service needs identified at The Cancer Center at Magnolia is the development of a staffed resource center which will provide free cancer resources, computers for browsing cancer topics, patient financial and transportation assistance and other desired resources for patients and their families. Currently, MRHC Foundation is proud to accept donations designated for these cancer support services. Donors may simply make their designated contribution to our Foundation. In addition, donors are encouraged to donate educational materials, reading literature and other resources to be utilized by patients and their families.

Tribute Garden NAMING OPPORTUNITIES

UNRESTRICTED GIFTS

Unrestricted gifts support the areas of greatest need at MRHC. By giving to our Foundation, donors are able to invest in the future of the healthcare of our community. Annually, our Board determines funding areas which address the healthcare needs of both MRHC and the community it serves. Currently those areas include: our facility, community health initiatives and healthcare scholarships.

TRIBUTE GARDEN CAMPAIGN

Our Tribute Garden offers patients and their families a soothing place overflowing with peace, comfort and encouragement along their journey. In addition, it is a way for individuals to create a permanent impression in our community. Pieces include pavers, benches, flower gardens and trees which may be purchased through contributions to pay tribute to individuals, families or organizations. These commemorative pieces may be engraved with a memorial, a family name or even a compassionate or encouraging phrase. For more information, please take time to stop by our display table or contact our Foundation office at (662)293-7664.

Making a difference in the lives we touch, while remembering those who came before us.
