

# EMERGENCY DEPARTMENT VISITOR POLICY

Magnolia Regional Health Center is committed to keeping our patients, staff, and community healthy. With the growing threat of Coronavirus 2019, we feel it is necessary to implement these precautionary changes to our Emergency Department visitor policy.

**NO VISITORS are allowed with patients in the Emergency Department at this time. Minors and patients with medically necessary reasons, deemed appropriate by a physician, are the only exception.**

Thank you for your understanding and cooperation.
